Subject: **FINANCIAL ALLOCATION FOR LOCALLY ADMINISTERED STIP PROJECTS ON THE STATE HIGHWAY SYSTEM (ADVANCEMENT)**

RESOLUTION FP-14-15

CTC ACTION UPDATE: The California Transportation Commission Approved this request for one locally administered STIP project of the State Highway System (PPNO 04-0242L) as described on attached vote list.

RECOMMENDATION:

The California Department of Transportation recommends the California Transportation Commission (Commission) defer an allocation of \$15,000,000 for the locally administered State Transportation Improvement Program (STIP) I-80/San Pablo Dam Interchange – Phase 1 (PPNO 0242J) project in Contra Costa County, on the State Highway System because this project is advanced from a future program year.

ISSUE:

The attached vote list describes the locally administered STIP project on the State Highway System programmed in Fiscal Year (FY) 2015-16, totaling \$15,000,000 plus \$6,227,000 from other sources. Although the local agency is ready to proceed with this project, it is recommended that the Commission defer this allocation. Current year capacity is reserved for projects programmed in FY 2014-15.

Financial Resolution:

Resolved that \$15,000,000 be allocated from the budget act of 2013. Budget Act item 2013-0890 for the locally-administered STIP project described on the attached vote list.
