

May 2, 2016

Dear MPO FTIP Coordinator,

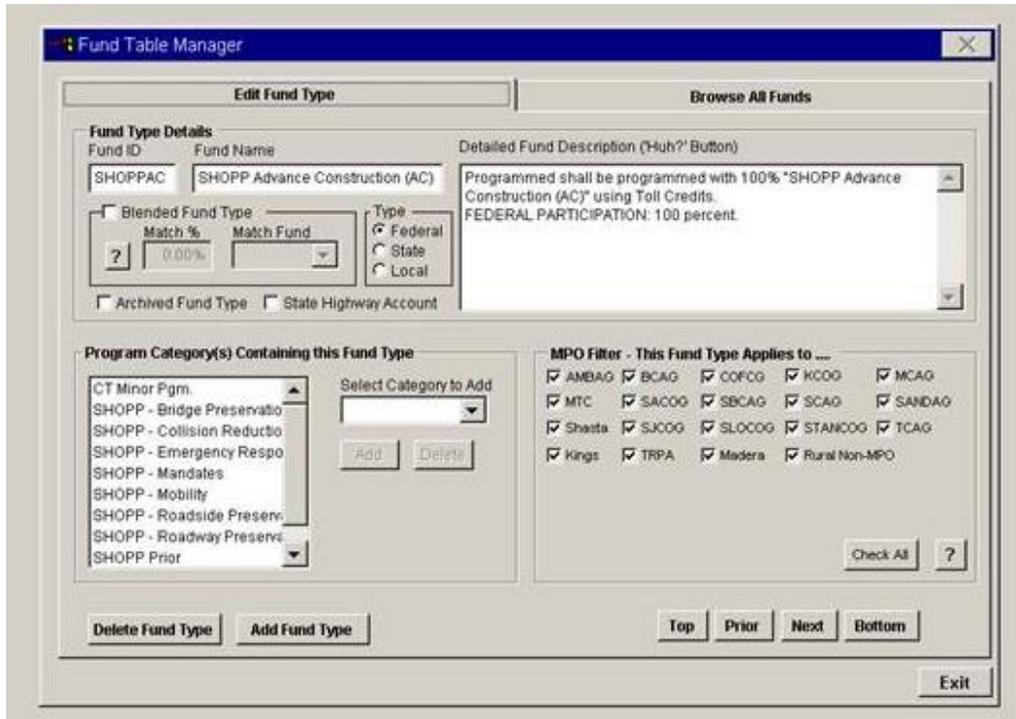

Greetings,

The purpose of this e-mail is to provide you with the 2016 SHOPP Grouped Project Listing Report for your region in both Excel and pdf format. This report is based on the 2016 SHOPP that was approved by CTC on March 16, 2016. Use these reports for programming 2016 SHOPP projects in your 2017 FTIPs. The project listing for your region is posted on the link below.

Please contact your FTIP Coordinator from our office for any questions.

http://www.dot.ca.gov/hq/transprog/federal/fedfiles/2016shopp_grppjt.html

1. Use the fund type below to program the SHOPP projects in your 2017 FTIPs. When programming in the FTIP, funding for the grouped projects (or individually listed projects) need to be programmed with 100% "SHOPP Advance Construction (AC)" (federal funds) using Toll Credits.
2. Total revenue for SHOPP projects for your region is equal to total programmed funding for SHOPP projects.
3. For projects from the non-attainment areas, MPOs to identify any projects from the SHOPP Grouped Project Listings Report that are non-exempt from air quality conformity determination, and list them individually in the FTIPs.
4. For projects from the attainment areas, MPOs to review the projects from the SHOPP Grouped Project Listings Report and individually list any projects that are not classified as "Categorical Exclusion (CE)" in the FTIPs. MPOs may contact their District FTIP Coordinators if they need more information on the project scope in order to make the determination of non-Exempt or CE.

Abhijit J. Bagde, P.E.
