San Francisco, CA 94105

Attention: Ms. Sue Kiser

Attention: Mr. Ray Sukys

Dear Ms. Kiser and Mr. Sukys:

Enclosed is the San Joaquin Council of Governments (SJCOG) administrative amendment #8, which makes a technical correction to identify the correct federal fund type for this project, STP Enhancement, and advances construction. This City of Tracy 10th Street sidewalk widening and bicycle facilities project is programmed in 08/09 and will be advanced to 07/08. This change is consistent with existing administrative modification procedures.

The SJCOG submitted the change as an administrative modification based on the following: 1) the change in the programming year occurred within the triennial element; 2) the total cost of the project did not change; 3) the adjustment does not reflect a change in the design concept or scope of the project; 4) the modification does not result in a change to the current conformity analysis; and 5) the modification does not affect timely implementation of transportation control measures or financial constraints.

This change is included and submitted by SJCOG through the California Transportation Improvement Program System (CTIPS). Refer to CTIPS project #212-000-0334.

Since administrative modifications do not require Federal Highway Administration or Federal Transit Administration approval, this FTIP amendment has been amended into California's 2006/2007-2008/2009 Federal Statewide Transportation Improvement Program (FSTIP).

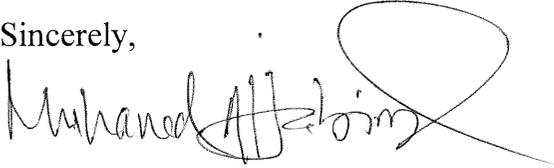

Mr. Gene K. Fong/Mr. Leslie T. Rogers
