**Subject: *Amendment #26 (Administrative Modification) to the 2009 Council of Fresno County Governments FTIP***

Mr. Jacobs:

The Executive Director of the Council of Fresno County Governments as authorized by the Policy Board hereby approves Amendment #26 (Administrative Modification) to the 2009 FTIP. Please see Attachment #1 for specified administrative changes to the FTIP.

It should be noted that the changes to these projects contained within this amendment do not require a re-determination of the air quality conformity analysis.

You should be aware that as per Fresno COG's adopted *Policies and Procedures*, Administrative Modifications are to be used whenever "minor" changes related to project costs, selection, or programming occurs. The projects being adjusted meet the criteria. Administrative Modifications are used in lieu of standard FTIP Formal Amendments, and as such, are not subject to Federal approval. The programming capacity to modify this project is available in Fresno COG's FTIP and financial constraint documentation will be updated to reflect this modification in the next formal amendment. The purpose of this letter is to notify Caltrans, the Federal Highway Administration, and Federal Transit Administration that this Administrative Modification has taken place. We have updated our system, FresnoTrak, to reflect this amendment and will be uploading information into the California Transportation Improvement Program System (CTIPS). If you should have any questions or comments, please feel free to call Melissa Garza at (559) 233-4148 ext. 240.

Sincerely,

A handwritten signature in black ink that reads "Tony Boren".

TONY BOREN, Executive Director  
Council of Fresno County Governments

Per Caltrans, an administrative amendment would suffice because reducing the limits would not affect the environmental document.  No change in project funding  Total project cost remains the same at \$517
Kingsburg, City of	NON-CAPACITY INCREASING	FRE070110	Class I Bicycle Path- Golden State Blvd.	Construct Class I bike path along Golden State Boulevard from Mountain View Ave to Bethel Ave.	Local	0%	0	360	360	Carry over from 08-20, Revise funding between fiscal years, Revise funding between phases  Per the City of Kingsburg, this project is within an area that will be annexed from the County. \$48,600 were programmed in 7/8 for R/W. They have completed the design and will shortly be submitting the RFA to Caltrans for Construction. After completing design it has been determined that R/W will not be required, so a transfer of the R/W funds to CON funds has been requested to augment construction. There is no change to the total cost.
