Attention: Dennis Jacobs

Subject: Amendment #20 (Type 3 Formal) to the 2009 Council of Fresno County Governments FTIP

Mr. Jacobs:

The Executive Director of the Council of Fresno County Governments as authorized by the Policy Board hereby approves Amendment #20 (Type 3 Formal) to the 2009 FTIP:

This amendment includes the addition of exempt projects, deletion of an existing project, and updates to the financial summary tables. FTIP amendment #20 is consistent with the 2007 Regional Transportation Plan Amendment #2. The FTIP as amended meets all the applicable transportation planning requirements per 23 CFR Part 450 and 40 CFR Part 93. The funding changes do not interfere with the timely implementation of any approved TCMs, and the TIP as amended conforms to the applicable SIP. The changes do not interfere with air quality conformity or changes to conformity analysis years, therefore a new conformity determination is not required. State and Federal approval will be required.

Fresno COG conducted a 14-day public review and interagency consultation period that was completed on February 24, 2010 at 4:30 pm. The public participation process for Amendment #20 is consistent with the Fresno COG board adopted public participation plan.

Included with this letter are two hard copies of Amendment #20 to the 2009 FTIP and the associated lump sum project listing. An electronic copy of the four year financial plan will be sent via email. This Amendment is available online at the Fresno COG website at www.fresnocog.org. If you should have any questions or comments, please feel free to call Melissa Garza at (559) 233-4148, ext 240.

Statewide Transportation Improvement Program (STIP) –

All federal funds to be used for transit projects must be included in a federally approved STIP. A Transportation Planning Agency (TPA) must ensure that Section 5311 projects are included in the Department of Transportation’s (Department) Statewide Transportation Federal Improvement Program (FSTIP), which is jointly approved by the Federal Highway Administration (FHWA) and FTA.

A copy of the federally approved STIP Page must be attached for all projects to be programmed through the Section 5311 program. The project description and associated dollar amounts must be consistent with the federally approved STIP information.

Metropolitan Planning Organizations (MPOs) are responsible for programming projects within their jurisdiction. Upon receiving the POPs from the Districts, Rural Transit & Procurement staff will submit **Non-MPO / Rural Transportation** organizations projects directly to the Department’s Division of Transportation Programming for inclusion into the FSTIP.

For further guidance see the Department’s Division of Transportation Programming website:

<http://www.dot.ca.gov/hq/transprog/fedpgm.htm>

INSTRUCTIONS

PART I – Operating Assistance

- Do not list previously approved projects (i.e. projects listed in a prior grant).
- Funding split: 44.67% Local Share and 55.33% Federal Share.
- Third Party Contract Requirement – all third party contracts must contain federal clauses required under FTA Circular 4220.1E and approved by the State.
- May apply for two years, but each year must be listed separately.
- Net project cost does not include ineligible cost (i.e. farebox, other revenues, etc.).

PART II – Capital

- All vehicles procured with Section 5311 program funds must be ADA accessible regardless of service type (fixed route or demand-response service).
- Capital projects must contain a full description of project: A PRELIMINARY ENVIRONMENTAL SURVEY (PES) is required for Capital projects other than vehicle procurement.(i.e. facility or shelter - include specifics, planning studies, preventative maintenance). The PES does not satisfy the requirements for environmental review and approval.
- Funding split: 11.47% Local Share and 88.53% Federal Share.
- Procurement Contract Requirement – all documents used for procuring capital projects must contain federal clauses required under FTA Circular 4220.1E and approved by the State prior to bid release.

Fiscal Year 2010 project applications **must be submitted to the DTR by no later than: March 31, 2010.** If an application is not received by June 30, 2010, programmed funds will not be available for reprogramming by the region or county.

PART III. Section 5311 FLEXIBLE FUNDS [i.e. CMAQ, STP, or Federalized STIP*] if applicable:

- Federalized STIP* projects must provide California Transportation Commission allocation date of approval. **All CTC allocation activities must be completed for a project to be included in this grant.**
- Funding split: 11.47% Local Share and 88.53% Federal Share. CMAQ may be funded up to 100% at the discretion of the Regional Planning Agency/MPO.
- HQs RTP Liaison will initiate flexible fund transfers.

PART III. Vehicle Replacement

- For each vehicle identified as replacement and or expansion of fleet in sections II and/or III the following information is required, type (van, bus, trolley, type 1, 2, 3, 4, etc), vehicle identification number (VIN #), vehicle length (i.e. 35 ft.), passenger capacity, fuel type, in service date, current/end mileage, disposition date; procurement type (i.e. State contract, local procurement).

FEDERAL FISCAL YEAR 2010: All CAPITAL (regional and flexible) funded projects - a complete 5311 application is required at the time a POP is submitted. **POP and application should be submitted to the DTR by March 31, 2010.** Part II of the application (Regional Certifications and Assurances) must be complete (i.e. signature, specific project programming information).
