RE: MTC TIP Revision 2011-01 – Administrative Modification

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2011 Federal Transportation Improvement Program (TIP). TIP revision 11-01 revises 198 projects with a net decrease in funding of approximately \$13.5 million. Among other changes, this revision:

- Splits five STP /CMAQ funded grouped listings: County Safe Routes to School (SRTS) Program (REG090071); Transportation Enhancements – Regional Transportation for Livable Communities (TLC) (REG090073); Pavement Resurfacing/Rehab - Local Roads System (REG110002); Regional Bike/Ped Projects (REG110003); and Transportation Enhancements – County TLC (REG110005) into 117 individual projects to allow for better tracking of the projects, and reconciles project costs to actual funding in the case of existing projects. The grouped listing for County SRTS Program (REG090071) continues to be active in the TIP. All others listed above are being archived;
- Reconciles ARRA funding on 25 projects to match final obligation amounts; and
- Updates 29 projects to reflect Caltrans' use of toll credits for all RIP-TE funds in FY11.

TIP financial constraint documentation submitted with this revision shows that MTC's TIP is financially constrained as required by the federal surface transportation programs authorizing legislation and statewide and metropolitan planning and programming regulations. The TIP revision entries have been emailed to your staff. MTC's 2011 TIP, as proposed with Revision No. 11-01, would remain in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision would not interfere with the timely implementation of the Transportation Control Measures contained in the State Implementation Plan (SIP).

Muhaned Aljabiry
TIP Revision 11-01

MTC's 2011 TIP, including the proposed Revision No. 11-01, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan (Transportation-2035).

If you have any questions regarding this revision, please contact Sri Srinivasan of my staff at (510) 817-5793.

Sincerely,

Ann Flemer
