SUBJECT: 2012/13 FSTIP AMENDMENT NO. 14, NON-METROPOLITAN AREA

Dear Ms. Falsetti:

We have completed our review of Amendment No. 14 to the non-metropolitan planning organization (non-MPO) portion of California's 2012/13 Federal Statewide Transportation Improvement Program (FSTIP) that was submitted by your letter to the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) dated September 3, 2013. As detailed in your letter, this amendment: modifies one grouped listing for pavement resurfacing and rehabilitation that was previously included in the 2012/13 FSTIP, adds one new grouped project listing for the FTA 5310 Program of projects, and adds one new individually listed project to the 2012/13 FSTIP for improved fish passage on State Route 96 in Siskiyou County.

Based on our review, we accept this amendment to the 2012/13 FSTIP in accordance with the Final Rule on statewide and metropolitan transportation planning that was published in the Federal Register on February 14, 2007. We find that the non-MPO portion of California's FSTIP, including this amendment, was developed through a continuing, cooperative, and comprehensive transportation planning process in accordance with the statewide planning provisions of 23 U.S.C. 135 and 49 U.S.C. 5304 as amended by Public Law 112-141, the "*Moving Ahead for Progress in the 21st Century Act*" (MAP-21). We are approving this amendment to the 2012/13 FSTIP in accordance with the *July 15, 2004, Memorandum of Understanding between the Federal Highway Administration, California Division, and the Federal Transit Administration, Region IX*.

The changes proposed to the FSTIP, by this amendment, are associated with highway or transit program projects that are either: exempt from the requirement to determine conformity pursuant to 40 CFR 93.126 or 93.127; or are proposed for implementation in an area of the State of

California that is designated as attainment or unclassified for Federal Air Quality Standards; or are associated with projects located in isolated non-attainment areas outside the metropolitan planning areas of the State, and as a consequence, is not subject to the requirements that a regional air quality conformity determination be made prior to FSTIP programming.

Please note this letter constitutes approval of the amendment with the understanding that FTA funding on individual projects is subject to the grantees meeting the administrative and statutory requirements. If you have questions or need additional information concerning our approval of this amendment, please contact Wade Hobbs of the FHWA California Division office at (916) 498-5027, or by email at Wade.Hobbs@dot.gov; or Ted Matley of the FTA Region IX office at (415) 744-2590, or by email at Ted.Matley@dot.gov.

Sincerely,

/s/ Leslie T. Rogers
