Dear Mr. Lord and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 18 to the Rural non-Metropolitan Planning Organization area portion of the California 2015 Federal Statewide Transportation Improvement Program (FSTIP). This modification adds programming capacity in the amount of \$6.135 million that relies on the State's programming capacity. The financial plan will be updated to reflect this change in the next formal amendment.

FSTIP Modification #18 amends the following existing state project in the 2015 FSTIP:

Various Counties:

Proj #1: CTIPS ID 230-0000-0065, Grouped Projects for State Highway Operation and Protection Program (SHOPP) Bridge Rehabilitation and Reconstruction Program – increases the funding by \$6.135 million in FFY 16/17 and revises the detailed backup listing.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2015 FSTIP.

If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.
