Dispute

Office work

- Cancelled the weekly Scheduling meeting today.
- Went to Sacramento with Amer, Hazzaa, and Ahmad to attend the Dumbarton VA Study Implementation meeting. One of the major issues that were discussed was the access to the hinges to work on the bearing seats. The access is limited and one view was to open deck access at every span. The designers did not like that idea. The other option was to enlarge the existing access points on the bike path. There will be a follow field visit later to review field condition and study access opportunities.
- The estimate #26 was run today. Will review tomorrow.
