- Received letter 528 from MCM disputing the WSWDs #106, and any other after this report, because there are some CCOs that have deferred time on them but have not been executed yet. A response was already given and a new response won't be necessary.
- Received an email from Cora Gherga of CALOSHA that she will not be available for the CT/MCM/CAOSHA partnering meeting on 10/14/09; however the meeting can proceed without her.
- Received employee's training history from Sharon Nelson, shared with Laura Owens.
- Had our weekly meeting with MCM to go over pending CCOs and other sensitive topics to advance the project objectives. Need to write supplemental CCOs for CCO 105 and 32.
- Sent an email to Deborah Smith to inform her that I had just talked to Maggie this morning and it seems my last name was keyed in incorrectly. She will make proper corrections and I am supposed to contact the TOPSS Liaison here in D4 and asked them to make sure I am in the system.
