<p>Diary:</p> <p>Office work</p> <p>-Met with MCM to go over the pending EWBs and remaining work . He stated that they are trying to wrap the job down and will sign on deferred time CCOs after the contract is completed and there are no LDs. I reminded Greg Allen about the Safety walkthrough request that the pipe piles stored at the site be secured properly (near abut 23L) and also the SWPPP requirement. I sent him an email later and told him no more work on CCO 115, additional SWPPP. He agreed. I also informed Greg that we are looking into continuing placing K-rail at CMS 64 on WB I-80 and we will inform him soon.</p> <p>-Reviwed and approved daily diaries and timesheets.</p> <p>-Left at 11:30 a.m. this morning.</p>	<p>Dispute</p> <p><input type="checkbox"/></p>
