The particular nature and circumstances of this potential claim are described as follows:

Candraft-Tensor, LLC has provided notice to ABFJV that an excess amount of time and effort has been expended by Candraft-Tensor, LLC and their sub-consultant Hassett Engineering, in providing input and support on submitting RFIs and reviewing RFI responses due to errors, inconsistencies and omission in the Contract Sheets. Both parties have indicated that the time and effort in dealing with RFIs on this Project has far exceeded their past experiences on prior Caltrans projects, and could not have been reasonably anticipated during the bid process.

Once ABFJV receives the details of the request for additional compensation from Candraft-Tensor, LLC and Hassett Engineering, ABFJV will submit it to Caltrans for approval.
