STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION
NOTICE OF POTENTIAL CLAIM
CEM-6201A (NEW 9/2002)

FOR STATE USE ONLY		
Received by:	(For Resident Engineer)	Date:

To	CONTRACT NUMBER	DATE	IDENTIFICATION NUMBER
Mahantesh Anigol (resident engineer)	04-0120R4	February 22, 2006	17

This is an Initial Notice of Potential Claim for additional compensation submitted as required under the provisions of Section 9-1.04 "Notice of Potential Claim" of the Standard Specifications. The act of the Engineer, or his/her failure to act, or the event, thing, occurrence, or other cause giving rise to the potential claim occurred on:

DATE: 2/21/06

The particular nature and circumstances of this potential claim are described as follows:

Over the weekend of December 31, 2005 through January 1, 2006, the project site experienced a significant storm event that caused flooding and damage throughout Northern California. This extraordinary storm caused damage to the slope between Southgate Road and the old USCG Access Road.

The project completion date, considering the temporary suspension under Contract Change Order No. 14 was to be October 27, 2005. However, due to subsequent temporary project suspensions, the completion date is now projected to be June 28, 2007. As such, without these subsequent suspensions, the project would have been complete and we would not have been on site during the above referenced storm event. With our letters 215-STL.00220 and 215-STL.00226, we requested that the State issue a Contract Change Order to compensate us for all costs associated with the clean up, repair and restoration of the damage that occurred due to this storm event. Our request was denied via State letters 05.03.01-000652 and 05.03.01-000679. We therefore submit this Notice of Potential Claim.

The undersigned originator (Contractor or Subcontractor as appropriate) certifies that the above statements and attached documents are made in full cognizance of the California False Claims Act, Government Code Sections 12650-12655. The undersigned further understands and agrees that this potential claim to be further considered, unless resolved, must fully conform to the requirements in Section 9-1.04 of the Standard Specifications and must be restated as a claim in the Contractors written statement of claims in conformance with Section 9-1.07B of the Standard Specifications.
