

CCO CONCURRENCE MEMO

California Department of Transportation
SFOBB – SAS
Contract No. 04-0120F4

CCO No.: 92 Supplement No.: 0
Title: East Saddle Castings
Date: 5/06/2009

Requested By: Brian Boal
(PRINT NAME) (SIGNATURE)

Written by: BB/SF

Description of Work:

Add extra steel to the stem of the East Saddles to insure castability.

Reason for Change:

The Fabricator, Japan Steel Works (JSW), determined that early solidification in the stem of the east saddle could render the saddle uncastable. To insure the integrity of the casting, the saddle stem was widened.

This change resolves RFI's ABF-RFI-1422R00, 1422R01 and RFCO 36 relative to this change order.
