WEATHER: <b>(NA – See Weekly Statement of Working Days)</b>	

- Monday:
- Completed and submitted July 2006 estimate data to Pochana Chongchaikit in D.O.
  - Discussed processing of structures CCO's 21, 22, 23, and 24 with Alex Schmitt, Ct Eng.
  - Attended SAS Senior staff meeting.
  - Attended all-hands SAS staff meeting.
- Tuesday:
- Met with Michelle Aragon, Ct Const. Staff, to get new cell phone for Robert Wong, new SAS staff member. I also am in the process of exchanging/upgrading my phone. Robert Wong shall be assisting Paul Kooner. They both have the task of processing all EWB's, CCO's, and monthly pay estimates for both the SAS and the J-job.
  - Met with Bill Schmitt and Kenneth Young regarding status of Ghirardelli Task Order. Task Order was modified at this time so as to bring Scott Fabel, Consultant Office Engineer, on board now. Kenneth completed modifications and did manage to get all required signature so Scott can start tomorrow. Other consultant staff shall be addressed in separate Task Order.
  - Briefly discussed Ghirardelli Task Order situation with Gary Pursell, SAS RE, Kenneth has all the details regarding additional staffing issues.
  - Coordinated computer access with Tru, consultant computer guru, for new employee Scott Fable.
  - Discussed task to learn and perform on the SAS project with Robert Wong and Paul Kooner. Such as getting familiar with the method of payment for each contract item and CCO's, also discussed need, for Robert, to learn all necessary software to process the monthly pay est. so he can be Paul Sooner's backup.
- Wednesday:
- Scott Fabel, new consulting office engineer, starts this day. He will be assigned the task of completing CCO's identified in the Contract Documentation. Other task shall follow after he gets up to speed. Scott was in part of the day today from 9:30am to 11:30 am approximately due to prior commitments, he will start full time tomorrow. I gave him a brief overview of his duties on the SAS and introduced him to all the people he will need to know in order to set himself up. He was also shown how to access the X-drive to get project specific electronic data items. He should be able to keep himself busy until I meet with him again on Monday of next week.
  - Received a call from Lou Wehar, ABF, stating he did not receive the July 2006 estimate. I asked him to check with Flour in SSF office, it may have been sent there by mistake, I would check with our records to see where it went. After checking it was discovered that it indeed went to Flour in SSF and the Flour office would ship it to ABF in Pittsburg, PA. I called Lou and apologized for the mistake.
  - Reviewed CPB 06-1, "Prior Authorization to Proceed" with Gary Pursell, SAS RE.
- Thursday:
- Dental Appt., did not report this day.
- Friday:
- Took vacation day off.
