Week Ending 11-04-06

- I spoke to Glenn Flemming and got plans and specs for him, which he needs for his reviews of submittals and transmittals. He agreed to provide comments asap.

Tuesday, October 31, 2006

- Mostly clear.
- I reviewed the Scheduling Meeting Agenda.
- From 8:00 to 10:00 I updated the RFI statuses and the log.
- From 10:00 to 12:00 I attended the E?M RFI Meeting. It was determined that several of the rfi's needed to be discussed between Anna and Elory and it was agreed that would be done in the afternoon.
- I attended the Scheduling Meeting from 1:00 to 2:00. The Agenda is on file and my notes are in my binder. First we went through the agenda then ABF put the baseline on the screen and we went over it in detail and asked questions.
- I cleaned up my desk.
- I worked on diaries.

Wednesday, November 1, 2006

- Mostly cloudy.
- I worked on RFI's 249, 251, 218r.
- I reviewed the PB response to Submittal 10, which was sent late. I sent it around for comments.
- I did other paper work at my desk.

Thursday, November 2, 2006

- Showers all day.
- I attended the Safety Meeting that was hosted by Damon. The subject was Night work and we saw a video regarding sleep patterns and shift changes. We had discussions regarding night work with regards to marine work.
- We had a presentation by Dennis Calloway regarding contributions to the united way.
- I chaired a meeting with the seniors and the leads regarding the baseline schedule, which was received yesterday. We discussed the WBS, critical path, ID's and I asked all to consider how to best implement a review and how to involve the leads. A brief description of the baseline was put up on the white board by Stone.
- I worked on RFI's 251 and 292 and Submittal 10.

Friday, November 3, 2006

- Mostly clear and mild.
- I worked on RFI's and filed them and got the binder looking good, which took most of the day.
- I assigned the Electrical RFI's to Grady and Mechanicals to Angel. This is a change from the way we have been doing things, but we now have the tools, personnel and experience to proceed in this direction. It should make things easier. Transmittals and submittals will be divided in the same manner.
- I spoke with Roberto Borja who will not join my group until the 13th.
