Holiday

Tuesday, January 2, 2007

Attended weekly Mechanical, Electrical, Piping (MEP) meeting at 10:00am. Two or three outstanding RFI's critical at this time.

Wednesday, January 3, 2007

Attended core team meeting where we discussed temporary tower design criteria (essentially resolved) OBG crossbeam geometry, YBI areas for contractors use, and the further development of the functional teams, including empowering the teams to make decisions regarding scope of administrative impacts of RFI responses.

Thursday, January 4, 2007

Hosted a meeting at 8:30am to identify issues surrounding the main cable hand rail stanchions, utility stanchions, messenger cable, and overall electrical and lighting installation details.

Attended weekly RFI meeting where it was announced by Ron Crockett that each functional team should begin to hold team RFI meetings in lieu of this global RFI meeting.

Friday, January 5, 2007

Attended 9am Tony Anziano hosted meeting to discuss logistics in China. Tentatively scheduled a trip the week of March 4th to get an introduction ZPMC's fab shop and the living accommodations in Shanghai.

Mike Flowers and I met with Alishka Meyer to introduce and discuss her approach to partnering.
