Wednesday: 2/14/2007 0800-1630 = 8 hrs

Thursday: 2/15/2007 0800-1630 = 8 hrs
 • Had to update CCO 18 info in CADb since the upgrade did not include the latest revisions to some CCO's. The DO did not update our program with the last database as they were suppose to. Therefore, some CCO language has been lost and will have to be reinserted into the database.
 • Got CCO 35 CM signed by Gary. Sent to Pete for last signature.
 • Got CCO 30 package back from Gary. George is processing the package to send to the DO and give an approved copy to ABFJV.
 • Sent CCO's 6 & 23 (CM's) to Rick for signature.

Friday: 2/16/2007 0800-1630 = 8 hrs
 • Had WBS meeting in the morning.
 • Keith has done 2 WBS's on SFOBB TB projects.
 • Went over breakdown to date and what additional items we can add without overburdening the system (i.e. CCO's, Claims, Safety). Using a notation section so each location from the CPM Activities can be further broken down to a particular cell or OBG roadway (i.e. An activity would have 1W and 1E in one activity. This notation would allow input for 1E or 1W separately).
 • Sent CCO 23, 34 & 35 CM's around for various signatures. Still working on them.
 • Wrote CCO 28 CM.
 • Updated CM's on CCO Log on who signed what.
 • Draft CCO 15 was sent to ABFJV's Jim Robinson? Through Gil Klebanov.
 • CCO 35 CM complete.
