Today, I came to work at 12:30 due to a Doctor's appointment for my mother. I looked at SUB 380R1 in regards to the E2 Cross Beam and followed it up with a call to Ron and indicated that I will meet him tomorrow to ask a few questions.

Then, I studied the Provisions and also received 3 NOPCs from M. Vilcheck for which I need to write letters to KFM. Furthermore, I continued with Concrete data entries.
