Monday: 8 hours

- Resumed working on MFSQA issues to determine number of Audits subject deductions.
- Discussed the TIA 3 mitigation estimate with Sam Choy. One very minor change was all. Will wait now for Sam to verify labor rates that I used. Also need to wait for a revised labor surcharge due the USL&H Act.

Tuesday: 6 hours.

- Continue gather data for Audit issues
- Talked with John Rodriguez from HQ today about the revised labor surcharge that I requested. We decided to wait until ABF gets new rate sheets in May and then establish a rate that will be retroactive to April 1 this year. This will allow us to have a rate that is most reflective of the insurance costs at the time. Based on the data I sent John last month he would expect the rate to drop from the current 33% down to about 27%.

Wednesday: no work

Thursday: 8 hours

- More review of facility audit data.
