Description of Operation:

Thanh Le is observing the operations at Tower D driving frame falsework today and Damon Brown is observing the crew of the DB-5 at Berth 7.

During a site visit yesterday, it was observed that there are some discrepancies between what the Traylor Dutra drawings ask for and what is out in the field. Most of the day today was spent getting the letter to the contractor drafted and over to them.

OVERTIME: Acquired 2 hours of overtime drafting the letter addressing the aforementioned concerns.
