Resident Engineer (Field) DAILY REPORT

Report No. 45. GP-121

Date: Week of Sept. 22, 2008

Monday, September 22, 2008

Pete arrived back from China and at Pier 7 briefly this morning, then went home.

Attended Champions meeting where I conveyed the Contractor's concern for east end detailing issues.

Teleconference held at 4pm with TC – Jason, and Keith - Pete did not attend. Reviewed agenda from last Thursday's teleconference.

Attended quarterly Risk Management meeting along with Rick to provide input into the progress of the work and identification and assessment of risks to the project.

Tuesday, September 23, 2008

Met with Peter van der Waart, Sam Choy, Don Ross, and Mike Forner to review the details of costing for CCO 77.

Met with Ken Terpstra, Stefan Galvez, and Courtney to discuss options with Temp Tower F & G, pile driving. At the meeting I was directed by Ken to have ABF accelerate installation of temp. tower F piles to achieve as much work as possible before Dec/Jan.

Wednesday, September 24, 2008

At small group core team meeting (Forner, myself were in attendance) the following topics were discussed:

- Status of procurement effort for S-Wire.
- Status of revised scope of CCO 53, longitudinal deck grinding.
- Accelerating pile installation for Temp Towers F.
- DVBE Fuel Supplier F&L not insured. ABF will request substitution.

Thursday, September 25, 2008

Bi-weekly CE staff meeting at 8am. See April Smith's minutes.

Meeting with Jon Tapping, Phil Stolarski, Pete Siegenthaler, & Mike Forner to review

Tony and I met with Mike Flowers regarding the upcoming TBPOC meeting in China.

Met with Jon Tapping and Tony Anziano regarding the procurement of s-wire. Tony and Jon supported going forward with accepting the material as-is, due to ABF's inability to reach agreement on the terms of a supply agreement.

Met with Peter van der Waart on the status of certain focused CCOs.

Friday, September 26, 2008

Met with TY Lin others to review RFI's related to the east end detailing, as presented in recent correspondence with ABF.

End of Summer BBQ, complete with dunk tank.

Gary Pursell
Resident Engineer, SAS Bridge
