Gil (CT Senior) had called me Sunday night and left a message for me not to come in to work. My phone battery had depleted over the weekend so I did not get the message. I came in to work and the Oakland Police stopped me at the beginning of Burma Rd. Gil was there with them and told me to go home.
On Friday, a ship came in with pieces for the temporary tower work. The local union protested against ABF's position to unload the ship, stating that it was the local union that was supposed to do the work.
For fear of an uncontrollable situation, CT personnel were asked not to come to work.
