DAILY REPORT

Report No. 45. GP-139
Date: Week of January 26, 2009

Monday, January 26, 2009

Attended weekly Champions meeting. Discussed need for engineered plans for elevator window changes.

Provided presentation to management and oversight staff regarding the east end OBG complexities and challenges, as a precursor to launching a focus team to address issues.

Team China teleconference canceled due to conflict with above presentation.

Tuesday, January 27, 2009

Met with Bob Kick to plan the organization an approach forward for an east end OBG focus team which is being organized. Later, I prepared an outline for the team and sent to the focus team participants.

Mike Forner and I met with Mike Flowers and Peter van der Waart to further discuss approach and details on proposed global resolution of fabrication issues. Discussion included general value of shop space, both with and without labor included.

Wednesday, January 28, 2009

Small core team meeting held today. Discussions included:

- Unfair labor practices action filed relative to ILWU actions in late December.
- Issue related to tolerances related to manufacturing bolts to be coated with Dacromat.
- Proposed fit lug CCO.
- East end OBG focus team organization.

Attended bi-weekly CCO status review hosted by Darryl Schram.

Thursday, January 29, 2009

Bi-weekly safety meeting held, followed by SAS all staff meeting

Attended Tower Team meeting to discuss issues regarding tapping and fit up of Dacromat coated bolts.

Held kick-off meeting of east end OBG focus team members. Identified need for and implemented a small group drawing review workshop to expedite review of Lift 12 drawings.

TC teleconference was cancelled today. Tony Anziano in China with Pete.
