Holiday – Memorial Day

Tuesday, May 26, 2009

Don Ross and I reviewed east end OBG complexity presentation with Pete S, to improve his understanding of the challenges surrounding the east end OBG.

Participated in East End Focus group meeting, which are now being held at TYLin's conference room.

Wednesday, May 27, 2009

Held weekly SAS management meetings implemented to coordinate activities and communication between management, Const, and ABF.

Held weekly core team meeting with China via *teleconference*.

Thursday, May 28, 2009

Conducted bi-weekly SAS senior staff at 8am this morning. See April's agenda.

Participated in follow up meeting with ABF on global resolution of past issues. Later, a follow up internal meeting was held to capture estimates for various CCO's to be resolved pursuant to CCO 108.

Team China Teleconference at 4pm.

Friday, May 29, 2009

Attended multi project coordination meeting on YBI at CCM's office. Discussed problem with loosing buoys at alternate channel with Greg Ressio. Greg will discuss alternatives with Carl Hausner, and we will meet later if necessary.

After meeting, I reviewed the progress of the work at W2. Also observed the installation of the first major lift using the shear leg barge, which was in progress. A 1000+ ton truss from Temp. Tower D to F, eastbound.

Category 45.01

Gary Pursell
Resident Engineer, SAS Bridge
