August 1, 2007 Overcast AM, Clearing

Core team meeting canceled for this week as ABF personnel are in China.

Focused on replying to the e-mail that I received while out. Worked on draft reply to ABF letter #222 regarding lowering planned for Hinge A and discussed it with Brian Boal.

Stopped by the Seismic Peer review meeting to update the panel on work on the SAS and E2/T1 projects at the request of Brian Maroney and Ade Akinsanye.

August 2, 2007 Cool AM, clear PM

Senior staff meeting held for the SS job at 0800. Update of the overall project discussed. PMIV again a topic.

August 3, 2007 Overcast AM. Mostly clear PM

0930 internal meeting to discuss issues with the PWS and suspender calculations and the shims at the brackets.
