DAILY REPORT

Report No. 45.

Date: April 26, 2008

April 21, 2008

Champions meeting- Bob Nichom of M&N at the meeting
Brian asked about RFIs and Submittals and statistics of turn around

China call at 1630 – Discussed letters on U Rib fab - sent Pete a draft of letter #2

April 22, 2008

Met with TYL at 0930 on cable band friction test – Sub 580R01 – OK
CERM to be back in mid June

April 23, 2008

Cable Eng mtg – 0800 – Analysis continuing – W2 likely to move up to 10mm at transfer
ABF reply to analysis after Stage 3 – handout to study
Core Mtg 0900 – Ron took PE with 3 others at ABF
MEP penetrations – ABF gave std. Defense of ZPMC lack of penetrations to date and postured to blame the department
Weld reports being sent weekly per ABF and being rejected (TC later says this is incorrect). ABF says it is over 1 piece of paper and that Mactec folks are “backing away” – the WWR for tower to be in this week and for deck
ABF says ZPMC wants 18 more people to do new CCO 77 WWR format because it adds scope
Thomas says MEP penetrations will be done in shop and ABF will be having other items addressed as well (mech attachments)
S-wire still an issue – need to check with Whiteside
Ron – Cat A comments coming back that are not rooted in the contract – WDC to handle
Dredge and Tower C – Status? – ABF hoping to start 5/5
