DAILY REPORT

Report No. 45.

Date: November 15, 2008

November 09, 2008
Sunday – fly out of SFO for Shanghai at 1200

November 10, 2008
Arrive in Shanghai – 1800. Nine on plane- bus provided by TC for transport to hotels
Meet group for dinner

November 11, 2008
State Holiday
0545 – bus pick up for trip out to ZPMC on island
Meeting on island with/for Dr. Fisher. Introductions and quick overview of ZPMC followed by a visit to the lab area to discuss testing and view macros
Tour of OBG to start with viewing of deck panels, ribs, repairs, PAUT, welding operation at various stages as well as segment assembly, super panels in place
Tour of Tower with S and E lift one shafts being assembled as well as a look at the mockups
Lunch
Presentations by Coe and Tom on Tower and OBG followed by Q and A
Fisher asked why problems have occurred and how we have responded. Brian M asked TC to go over the QC/QA process and to discuss material sources, quality, etc.

1340 – ABF came in to meet with Fisher (Nillson, McQuade, Peter). They discussed the new tack procedure. Fisher asked why it appeared that most surface flaws appear to be at the tacks. ABF said that is not the case as far as they know

November 12, 2008
