REC'D 09 JUN 26 10 26 1

Monday: 04/27/09

- Completed and filed my ARE diaries of last week.
- Worked on updating CCO log (Contractor version) in anticipation of the meeting with ABF lead person and Caltrans about all the change orders in ABF court.
- Received from TYLin new updates for CCO 99 and are under CT review.
- Packaged some of the approved CCO' s and sent them to document control.

Tuesday: 04/28/09

- Covered with Darryl Schram the work in progress and all issues related to change orders.
- Worked on updating the CCO log (Contractor version) to reflect Darryl Schram comments in anticipation of the coming meeting with ABF.
- The second original of CCO 97 (S-Wire) was signed by Gary Pursell and hand delivered to ABF today.
- Packaged some of the approved CCO' s and sent them to document control.
- The Authority To Proceed and draft CCO 55 (Service Platforms Electrical) was issued to ABF today.

Wednesday: 04/29/09

- Worked on preparing draft CCO and memorandum for CCO 61 (Electrical Warning Systems). This is the next MEP CCO in line to be issued to the Contractor; it needs Headquarter (ATP).
- Covered with Darryl Schram and Scott Fabel the work in progress and the CCO log comments.
- Responded to PMIV action items and filed necessary documents.
- Packaged some of the approved CCO' s and sent them to document control.

Thursday: 04/30/09

- Continued packaging the approved CCO' s and send them to document control.
- Per Darryl Schram request started collecting all Specification Changes that were part of the SAS change order process. A summary spreadsheet for these changes will also be created. Darryl also requested that I give the necessary information to another Caltrans employee, who use to work for Keith Osatanski on the Skyway, in order for that person to prepare the required documents.

Friday: 05/01/09

- Participated in the MEP CCO meeting at WDC.
- Reviewed final CCO 55 plan sheets (Service Platforms Electrical), which were issued to ABF today (in PMIV).
- Keith Osatanski stopped by our office and introduced his person, who supposedly will prepare the required documents for the Specification Changes under the SAS Contract.
- Prepared blank spreadsheet to report the Specification Changes and handed it to Keith Osatanski person. I also gave that person a tour in PMIV and on X-drive showing him the CCO files and the Specification Changes and where they reside. I also gave that person a copy of the CCO log (Contractor version), were I marked the CCO' s that I believe have Specifications changes
