DAILY REPORT

Report No. 45. GP-171

Date: Week of September 7,
2009

Monday, September 7, 2009

Holiday – Labor Day.

Returned to jobsite in afternoon and visited work taking place on the existing SFOBB; 1) detour tie-in and 2) repair of cracked eye bar which was discovered Saturday. ABF participated in the repair work, which was authorized under a Director's Order.

Tuesday, September 8, 2009

Existing SFOBB re-opened at approximately 7am this morning. Slow day as many staff worked long hours over the long weekend. Reviewed/edited CCO for resolution on NOPC 5.

Wednesday, September 9, 2009

Group from District 2 Antlers project (Chris Cummings, Shari Re, Eric Akana, Tim Bade, Dan Thomas, Sonny Ferrera and Mark Darnell) on site for meetings with D4 construction involved in other cast in place segmental construction and/or Tudor projects. D2 is looking for lessons learned from D4's experience.

SAS management meeting held with Jason, Rick, Tony and I. Received overview and briefing on the TBPOC trip to 1) Vancouver/CTLLC and 2) Shanghai/ZPMC. Tony provided a draft of a TBPOC letter memorializing the discussions.

Weekly core team meeting with ABF and China held via teleconference.

Thursday, September 10, 2009

Bi-weekly safety meeting held this morning with focus on key hazards of the work. This was followed by an all staff meeting.

Friday, September 11, 2009

Completed several pending correspondence replies and otherwise caught up on administrative issues.
