		Traylor Dutra											

Description of Operation:
Erect Temporary Truss and Towers:

FIELD WORK:

Continued to run a survey loop / level run, with Matt Bruce throughout the day today. This time we started at W2 and made our way back to YB8. Using one of the two hubs on top of the W2 crossbeam, Matt shot over to the top of existing E2, where the Towill survey point is located, (TWL270). From there we back tracked until we made it all the way to YB8, running along the South-South Detour and under the existing bridge. When compared to our last reading of the elevation for YB8, we were 4mm low.

OFFICE WORK:

- Diary work

CONVERSATIONS:

OVERTIME: No overtime charged today.

Inspector: Jason Wilcox

Transportation Engineer (D)/Asst. Structure Rep.
