**Monday, March 8, 2010**

Weekly ABF meeting with Brian P, Bob Kick & Kevin Smith was attended by only Bill Casey this morning as Pete and Rick off, Brian Maroney sick, and I was late with car in shop.

Did not attend weekly Champions meeting due to late arrival.

Participated in afternoon weekly TC teleconference.

**Tuesday, March 9, 2010**

Morning meeting with Toll Program Construction Managers to discuss possible State staff reassignments in order to reduce/minimize consultant staff utilization.

Met with Balan, Foley, Schram and others to discuss the make-up of CCO 24S0 and relationship to CCO 108 resolution.

Workshop meeting hosted by Rich Foley to discuss concept of "soft opening" and what critical MEP elements, if any, must be operational for the opening.

Attended/completed Confined Space training in ABF's safety office conference room.

**Wednesday, March 10, 2010**

Attended monthly YBI project/contractor coordination meeting on YBI at CCM's office.

Pete hosted meeting on the organization/roles and responsibilities of the construction managers. I was tasked with putting together a contract bid item assignment, by CM, for review and discussion next week.

SAS management meeting held today, which started with a follow up discussion on the timeliness of the RFI process, and then commenced with the usual meeting.

This was followed by a core team meeting with ABF, with China later participating by teleconference. Mike Flower was in China this week.

**Thursday, March 11, 2010**

Bi-weekly safety meeting included a comprehensive presentation by Ty-Lin on OBG erection operation and safety precautions. Safety meeting followed by brief all SAS staff meeting to discuss current issues and share information.

Met with Prakash S. to get an update on the new CM consultant contract and to review anticipated resource needs.

Traveled to Point Richmond to meet with John Collins, Vali Cooper & Associates Project Manager for the new consultant contract. I briefed John on the anticipated resource needs and desired skill sets.
