For: Stanley Ku
Week of 01/28/13-02/01/13
04-0120F4

01/28/2013 Monday Fine

I attended staff meeting and meeting with ABF. I continued studying plans and specifications for IERBYS building.

01/29/2013 Tuesday Fine

I continued studying plans and specifications for IERBYS building. I took the afternoon off for orthodontic appointment for my step-daughter.

01/30/2013 Wednesday Fine

I attended senior meeting. I attended ESW meeting in the afternoon.

01/31/2013 Thursday Fine

I attended safety meeting. Aaron Prchlik e-mailed me two pictures of epoxy-coated reinforcements that show signs of corrosion in block out area located at the top of pier table. Those reinforcements were supposed to be covered with cement stabilized sands. The sands are required to protect those reinforcements from environment. No sands were found. METS will propose solution. I attended the weekly tower meeting with Dan McNichol in the afternoon.

02/01/2013 Friday Fine

I continued studying plans and specifications for IERBYS building.
