03/04/2013 Monday Fair

I attended staff meeting. I attended meeting with ABF.

03/05/2013 Tuesday Fair

I attended OSC winter training.

03/06/2013 Wednesday Fair

I attended OSC winter training.

03/07/2013 Thursday

Brian Petersen confirmed that Dutra/Zaccor will start foundation investigation tomorrow.

03/08/2013 Friday

Dutra/Zaccor saw cut a 10 feet x 10 feet slab. An excavator was used to break concrete underneath the slab to expose top of a timber pile. Tom Shimada was the inspector on the job. I hosted a meeting with METS and DJV to discuss how to repair/replace steel plates and epoxy coated steel reinforcements at Pier T1. James Duxbury will discuss with designer on how to repair epoxy coated rebar loops that are submerged in sea water without a cofferdam.
