General Comments

David Gainey, Dan Ambuhl and myself held a confined space class for Pier 7 at Pier 7. The class ran approximately 3.5 hours. In the afternoon I meet with David G. a couple of times once with Gary P. David said the Confined space stickers would be handed out on March 5. The Safety walk through will be done with the SWPPP walk through. On Monday, March 8, Dan B. will meet with me and David G. about ABF handling the air monitoring of confined spaces on this project. No incidents to report. In the office, I answered emails, and worked on office reports.
