•Met with Zack Lauria first thing in the morning to go over the location that bolt testing will be performed . He said that the Suspender Bracket at Panel Point 56 and the Counterweight at this location will both need to be tested around 0900 hours. I informed Thanh Le of this at our 0800 hrs Staff Meeting. When Thanh arrived, they were not ready for testing, but did test the locations after lunch.

- 0800 hrs Staff Meeting
- 1000 hrs QA/QC Meeting
- 1130 Meeting with ABF and TYLin regarding the retrofits for Floorbeam diaphragm plumbness and web flatness, as well as Bikepath handrail mockup.
- Update Progress Spreadsheets
- Review Plans and Specs
- Diaries

Accrued 2.5 hours of overtime documenting and covering the Contractor's hours.
