**Work description.**

- Continued to process and review the data collected for the surveys done on the west jacking and deviation saddles at the W2 cap beam. The surveys on the west jacking and deviation saddles were done on Thursday/Friday March 31st/April 1st from 11pm to 4am and on Saturday April 2nd from 6:30am to 8:30am.
- Continued to read pertinent emails and did miscellaneous office work that wasn't completed the last couple of days due to surveying the saddles at the W2 cap beam.
- Monitored field operations and any pertinent issues related to surveying, W2 cap beam, and the Skyway lowering.
