Dispute

Work description.

CONCO Crews activities:

CONCO crews added another strip of wood on top of the previous form around the saddle as shown in the pictures. CONCO crews continued caulking around the new added piece and other location, which seemed to be necessary. At 2:00 P.M. the West line saddle form was water tested. Many leaks were observed both through the formwork and the anchor bolts. Zac, the ABF Engineer also was present in the testing process. Both ABF and CONCO have to make the necessary repairs in order to stop any leak from the formwork.

CONCO Crews:

- Gary Pene
- Jasmin Goranyac
- Salvador Aldana
