**General Comments**

- Went over the plan for the day with intern Michael Cheng.
- Gathered information on the SAS project and showed it to Bill Casey to make sure that the layout of the interns work is on track.
- Went to the District Office with Michael to get him an I.D. badge. Since some of the paperwork needed a signature we came back to the office and planned for Friday.
- Got together with Joe Lanz, Chris Havel and Reba Torres about Submittal 2156R03. After hours of work it was agreed between us and ABF that the response will be "Not Reviewed" and they will have to address comments in our responses to Rev 1 and Rev 2, then resubmit the whole submittal again.
- Finalize response to RFI 2527R01 after going to TY Lin and having them revise their response.

Accrued 2 hours of overtime finishing up documentation for today.
