There are no items I am inspecting in the field today. ABF crews are working in the field (cable, tower, OBG/welding) on this Holiday. There is also a yard crew working at the Pier 7 warehouse/yard today on this holiday. Included in the yard crew are the crews of laborer foreman Everardo Hernandez, ironworker foreman Bob Russell, the welding shop including ironworkers Kevin Kannannen and Jason Collins, and operators.

INSPECTOR OT REMARK:

4 hours OT: Working in the office updating the cable band gaps and cable band bolt tension spreadsheet with new data from the field, including making modifications to the plots per various requests for changes.
