General Comments

From 0600-0700, I prepared for cat walk field data collection; waited for bolt tensioning to begin.
From 0700-1530, I monitored bolt tensioning on PP 38 N - PP 28 N; PP 74 N, PP 82 N - PP 78 N; I monitored contractor setup for North Main Span Cable and North Side Span Cable.
From 1530-1930, I did field office work including the email diary, data verifying, general SAS field office duties/diaries, time sheet, reading/writing emails, copying data sheet.

The Contractor's labor in load transfer crew has been the same since the start of load transfer:

- Mike Draper-Foreman
- Naricizo Gomez
- Aaron David
- T. Booker
