Tower activites

In the morning I had to go to Burma office for the orientation regarding the tower inspection by the Home Land Security & CHP units . Crews had to inspect the East & South tower shafts from 3.0 meters to 160 meter elevation

Home Land Security & CHP unit had to inspect inside the 7 cells at 3 meter elevation & stop at every elevation , strut cells in the towers , grillage cells , tower heads , & the saddle .

They started to inspect the cells at 7:50 AM. Then , the South & East tower shaft . They were done on the East tower shaft at 10:45 AM. The Home Land Security & CHP officers left the base of the tower at 11:00 AM.

In the afternoon , I had staff meeting in Burma office regarding the tower access for the camera crews on Monday .

In the office , I had to work on my report . I was done at 2:00 PM.
