Item	Title	Detail
1	Meetings attended	Caltrans Engineers Jim Merrill, Mazen Wahbeh and Venkatesh Iyer met with ABF and ZPMC representatives to continue discussions on fabrication procedures and mock-up procedures. The discussion of the 3B mock-up procedures was completed from February 6th. Also discussed were the general fabrication procedure, template, base plate fabrication and machining, and machining of the completed tower lifts.
2	Other important observations	Caltrans Quality Assurance (QA) reviewed the current "Blue Tag" log and reviewed daily reports and journals to ensure the log captured all of the decisions up to date.
3	Quality Assurance Inspectors per shift	3 AM 0 PM
4	Logistics	Due to heavy fog, no ferries were operating from Shanghai to Changxing Island. This did not affect the meetings between Caltrans, ABF and ZPMC as they were scheduled to take place at ZPMC's main office in Shanghai.
