| Item | Title             | Detail   |
|------|-------------------|--|
| 1    | Key conversations | <p>Worked from Pudong today catching up on PMIV actions, submittal, and RFI response reviews. Also had to make updates to Fabrication Update Brief which was moved to Tuesday.</p> <p>METS's John Kinsey and Dave McClary continued to work with ABF's Steve Lawton on the UT procedure. Accurate calibration blocks for the closed rib UT procedures were produced by ZPMC. METS has a viable procedure that will be able to use standard size AWS transducers for speed and then smaller transducers for accuracy.</p> |
