Contract #: 04-0120F4Cty: SF/ALA Rte: 80 PM: 13.2/13.9File #: 69.12**DAILY PROJECT JOURNAL****Prime Contractor:** American Bridge/Fluor Enterprises, a JV**Report No:** DPJ-000748**Contractor:** Zhenhua Port Machinery Company, Ltd (ZPMC), Changxing Island **Dated:** 19-May-2008**Location:** Changxing Island, Shanghai, PRC**Submittals(New / Total):****CWR's:** /**HSR's:** /**NCR's:** /

Item	Title	Detail
1	Critical Weld Repairs (CWRs)	I reviewed and approved CWR006.
2	Key conversations	At 1300, I discussed ABFJV's weld tracking program software with Nate Lindell. The software is being used to make all of the data from ZPMC's Weekly Welding Reports searchable and easier to access. The program has not been fully implemented by ABFJV and Mr. Lindell is still inputting data from the past week's welding reports into the database.
3	Other important observations	At 0800, I went on a shop floor walkthrough with Ryan Smith and observed the following: New Tower Shop Bay 1: ZPMC was splicing longitudinal stiffeners, and heat straightening various components. New Tower Shop Bay 2: ZPMC was splicing skin plates together Bay 4- Diaphragm butt splice welding and tack welding 2 diaphragm flange plates together. Bay 8- Diaphragm butt splice welding and fit up and tack welding of 3 diaphragm flange plates.
