Subject: Response to Caltrans State Letter #5.03.1-008112, DTD 06/23/05  
KFM NCR #133

Mr. Hegarty & Mr. Bienek,

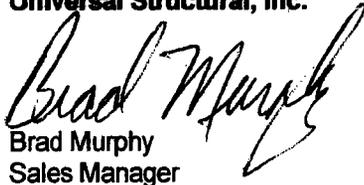

Universal Structural, Inc. has received Caltrans State Letter #5.03.1-008112, dated June 23, 2005. Caltrans stated:

*The Engineer has reviewed KFM-SUB-004529R00: USI Closing Documents for KFM NCR 133 (METS NCR 120) and it is not approved. The Engineer is not satisfied the Contractor has complied with the contract requirements regarding storage of material. The Contractor's attention is....."*

USI is making every effort to protect the girder from the environment and maintain it in a clean, safe "work in progress" area. METS/Caltrans should be aware that any areas that are deemed necessary (i.e., splice areas, etc.) will be blasted and painted per specifications. However, please note this will be done after all work on all associated fabrication has been completed. Please see attached copy of photos taken inside Girder 3A.

Please review and submit to Caltrans for a letter to close this NCR. If you have any questions or need further clarification, please contact me at your earliest possible convenience.

Sincerely,  
**Universal Structural, Inc.**

*Subject: Response to KFM-SUB-004529R00: USI Closing Documents for KFM NCR 133 (METS NCR 120)*

Dear Mr. Skoro,  
Attention: Mr. Rich Bienek,

The Engineer has reviewed KFM-SUB-004529R00: USI Closing Documents for KFM NCR 133 (METS NCR 120) and it is not approved. The Engineer is not satisfied the Contractor has complied with the contract requirements regarding storage of material. The Contractor's attention is directed to Section 55-1.04 of the Standard Specifications, material "shall be kept free from dirt, grease and other foreign material and properly drained and protected from corrosion."

Should you have any questions, please contact David Wu at (510) 622-5104 or Patrick Lowry at (858) 344-2712.

Sincerely,

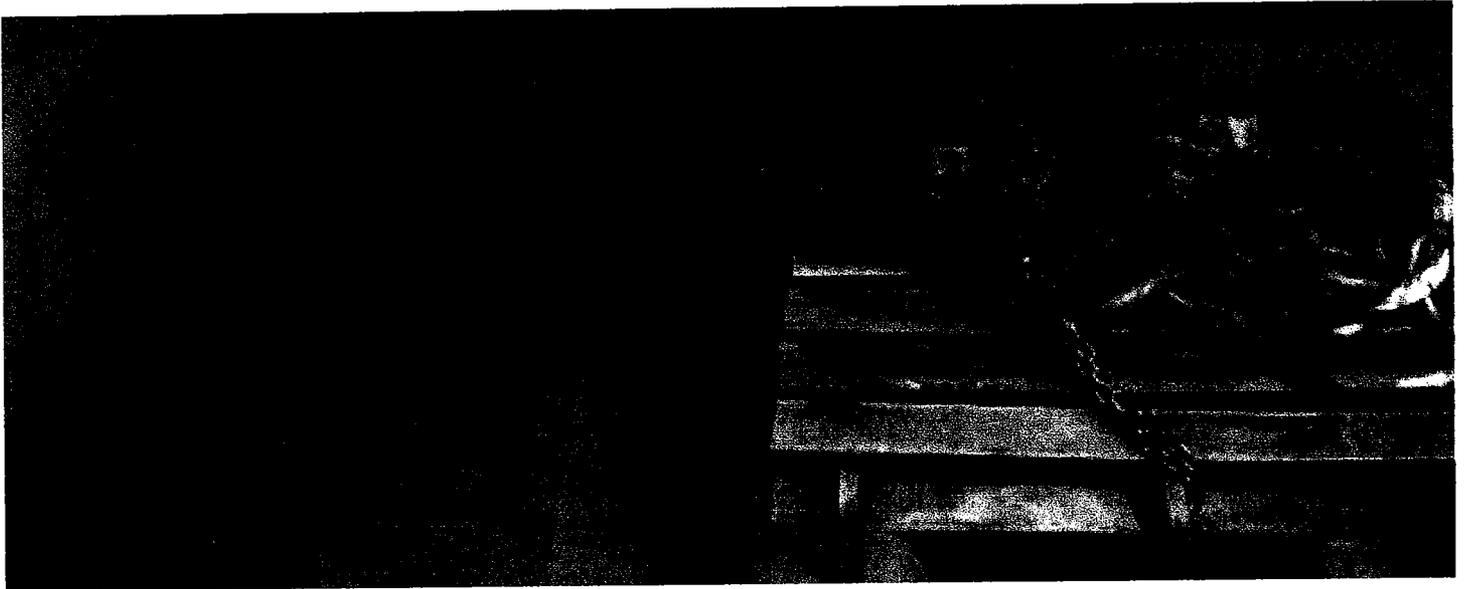

A handwritten signature in cursive script that reads "David Wu".
