Fabricator: Zhenhua Port Machinery Company, Ltd (ZPMC), Changxing Island **Fabricator Shift Hour:** to
Location: Shanghai, China **RE Shift Hour:** 0830 to 1700
Weather: **Temperature:** F/ F
Material Description:

Summary:

? I worked on Changxing Island.
 ? Pete, Doug, and I visited the community medical center on Changxing Island in the morning with Mr. Zhu of ZPMC. The center is about 10 minutes from ZPMC's facility. Dr. Fan showed us the emergency room, patient ward, and the ambulance stationed at the medical center. Dr. Fan also answered questions that Pete and Doug had. I played the role of an interpreter.
 ? Pete, Doug, and I visited the clinic in ZPMC's facility in the afternoon with Janet and Jack of ZPMC. Doctor Han showed us the facility and answered questions that Pete and Doug had. Dr. Han said that ZPMC has a ?modified? ambulance in the facility. Since the ambulance was not at the facility, we did not have a chance to look inside the ambulance. Although Janet and Jack can speak English, I played the role of an interpreter.
 ? Peter will prepare a plan based on our observations today and the responses we got from Dr. Fan and Dr. Han.
