Summary of Items Observed: On this date Caltrans OSM Quality Assurance (QA) Inspector Brett W Rice was present during the times noted above for observations relative to the work being performed at ZPMC.

Bay 14

This QA Inspector performed document review for information requested by James Devy, and the Office of Structural Materials. This information request addresses OBG 14 west and 14 east anchorage plate assembly AP3031 and AP3032. This QA Inspector performed random visual inspections of the weld size, cope hole size and condition listed in the information request form. It appears to this QA Inspector ZPMC has completed the welds as referenced in the request. This QA Inspector took random photographs of the welds and copies of the photographs have been placed in "TC-RFI Documentation" folder located on Team China common Z drive.

**Summary of Conversations:**

No relevant conversations were reported on this date.

**Comments**

This report is for the purpose of determining conformance with the contract documents and is not for the purpose of making repair or fit for purpose recommendations. Should you require recommendations concerning repairs or remedial efforts please contact Eric Tsang 15000422372, who represents the Office of Structural Materials for your project.
