Hosted by Caltrans  
Division of Research & Innovation

**Date:** Tuesday, September 26, 2006  
**Time:** 11:30 AM – 1:00 PM –Brown Bag Lunch  
**Location:** Live Presentation - Sacramento (Corner of 13 & O)  
The Building of Veteran Affairs, Fifth Floor, Room #518

**SPEAKER:** Susan Shaheen, Ph.D., Partners for Advanced Transit and Highways (PATH), University of California, Berkeley

**Topic Description:** Worldwide Carsharing Developments, with an Emphasis on the U.S.

Demonstrate and present the latest research on carsharing, highlighting developments in the U.S. and Canada. There are some developments in San Francisco and Los Angeles, which are rather small in comparison to the rest of the U.S., at present. The goal of the research would be to promote carsharing in California. This spring, Assembly member Goldberg (LA), proposed AB 2154 to define carsharing so that it could be eligible for on-street parking. This attracted a great deal of attention and is necessary to allow parking in some areas of Southern California. It has not yet passed, but it is slated to this summer.
