In response to your request on _____, **PERMISSION IS HEREBY GRANTED** to drive or move vehicle(s) specifically described on the attached sheet(s) directly across the State Highway(s) and Point(s) of Crossing, herein described. (Describe the Highway(s) and Point(s) of Crossing as precisely as possible.)

CROSSING ON RTE**PROOF COPY**

In accordance with Section 4006 of the California Vehicle Code (CVC), during the calendar year ending December _____, it is distinctly understood and agreed by the **PERMITTEE** that this permit is issued for the direct crossing of the designated State highway(s) in the normal conduct of the **PERMITTEES** business. Any other movement of the described vehicle(s) on or over public streets, roads, and highways will require full compliance with all **STATE** and **LOCAL** statutes and ordinances, including, but not limited to, all provisions of Division 3, Chapter 1 (Registration of Vehicles and Certificates of Title) of the CVC.

Division No.15 of the CVC covering size, weight and loading of vehicles, and all other applicable provisions of the vehicle code as well as county ordinances, must be fully complied with.

Nothing herein contained shall relieve the **PERMITTEE** of any liability to the **GOVERNMENTAL AGENCY** in charge of the designated State highway for damage thereto, nor of any liability to any person by reason of the operation of said equipment. In the event any claim of liability for personal injury or property damage is made against the **STATE OF CALIFORNIA**, or any department, officer, or employee thereof, arising from the movements or crossing hereby permitted, **PERMITTEE** shall defend, indemnify and hold them and each of them, harmless from such claim. Nothing herein is intended to impose on the **PERMITTEE** any different or higher standard of care than that required by law.

A copy of this permit shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection of any law enforcement officer or authorized agent of the **DEPARTMENT OF TRANSPORTATION** or governmental agency having jurisdiction.

The State highway right-of-way shall not be used for storage of any materials or equipment.

Interfering with, stopping, or controlling highway traffic by flagging, signs, arm movements, or any other means is strictly prohibited. **PERMITTEE** shall position a "lookout person" in such a location as to adequately observe and advise the operator of the crossing vehicle of approaching highway traffic, in order that such highway traffic will be adequately protected. It is the intent of this permit that the **PERMITTEE** cross the State highway only at such intervals that there will be no interference with the free flow of the highway traffic.
